

MUST READ TRAVEL DIRECTIONS!

Once you get near to This Must Be The Place (Mas Casamitjana), there are 2 possible ways that Sat Nav / Google Maps / Waze / Apple Maps etc might take you. 95% of the time they will show you the right way. However, you definitely do NOT want to go the other way - trust us! It starts off all nice, but then you drive through the middle of a farm, and then the road turns into a badly-rutted tractor path, and then an open field.

If you do go the wrong way, it is better to turn back as soon as you realise.
